APPENDIX TO
STATEMENT OF FACTS AND GROUNDS
(In respect of sanctions against Graham Phillips)

**Further documentation proving the falsity of the
pretence that Ukraine has “sovereignty”,
“independence” and “territorial integrity”.**

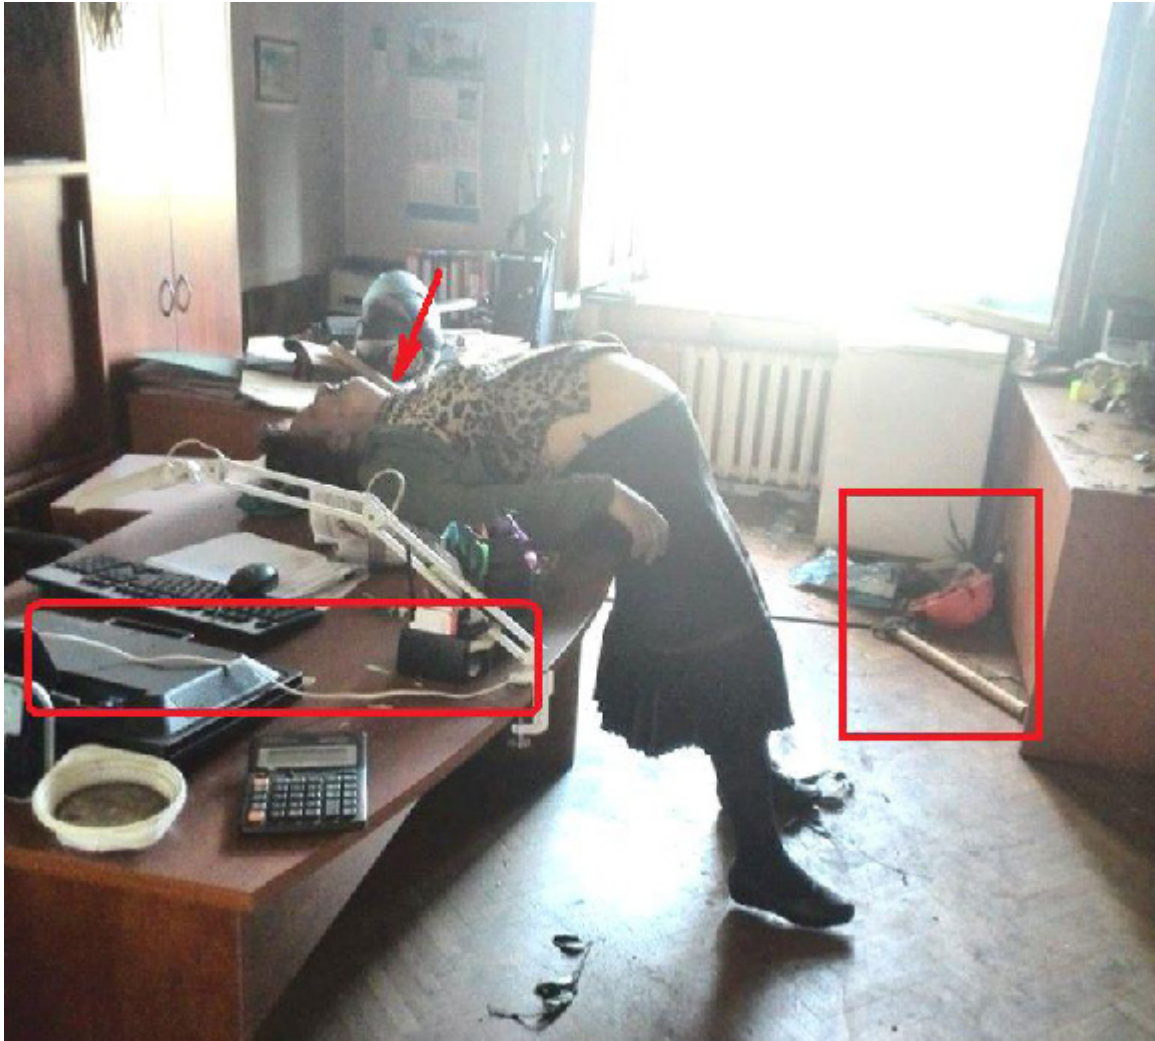

1. As stated in respect of Ground 7, and also relevantly to the introductory section titled “Social/political/economic background context” (Paragraphs 4-13), the notion that the current Ukraine has “sovereignty” and “independence” and “territorial integrity” is demonstrably just a propaganda myth.
2. The myth promoted by the NATO-controlled media is as follows. In 2014 the (violent?) “Revolution of Dignity” democratically(?) appointed the (didn’t need to be elected?) “President” Poroshenko. Poroshenko then set about making his country even more democratic and independent from Russian interference. But Russian-backed separatists sought to undermine his government and eventually invented their illegitimate “Donetsk Peoples’ Republic” and “Lugansk People’s Republic”. These “republics” then started terrorising the democratic parts of Ukraine, so President Poroshenko ordered an “Anti-Terrorist Operation” (ATO) to eliminate that terrorism. The ATO ended up in a stalemate over the next eight years. Then Putin, who is all three of evil, mad, and grossly incompetent, decided to advance his imperial ambitions by launching an unprovoked invasion in February

2022. Thereafter his incompetent military campaign was strongly resisted by the heroism of Ukrainians and so he resorted to genocidal bombardments of Ukrainian cities, and indeed Mariupol was completely reduced to rubble.

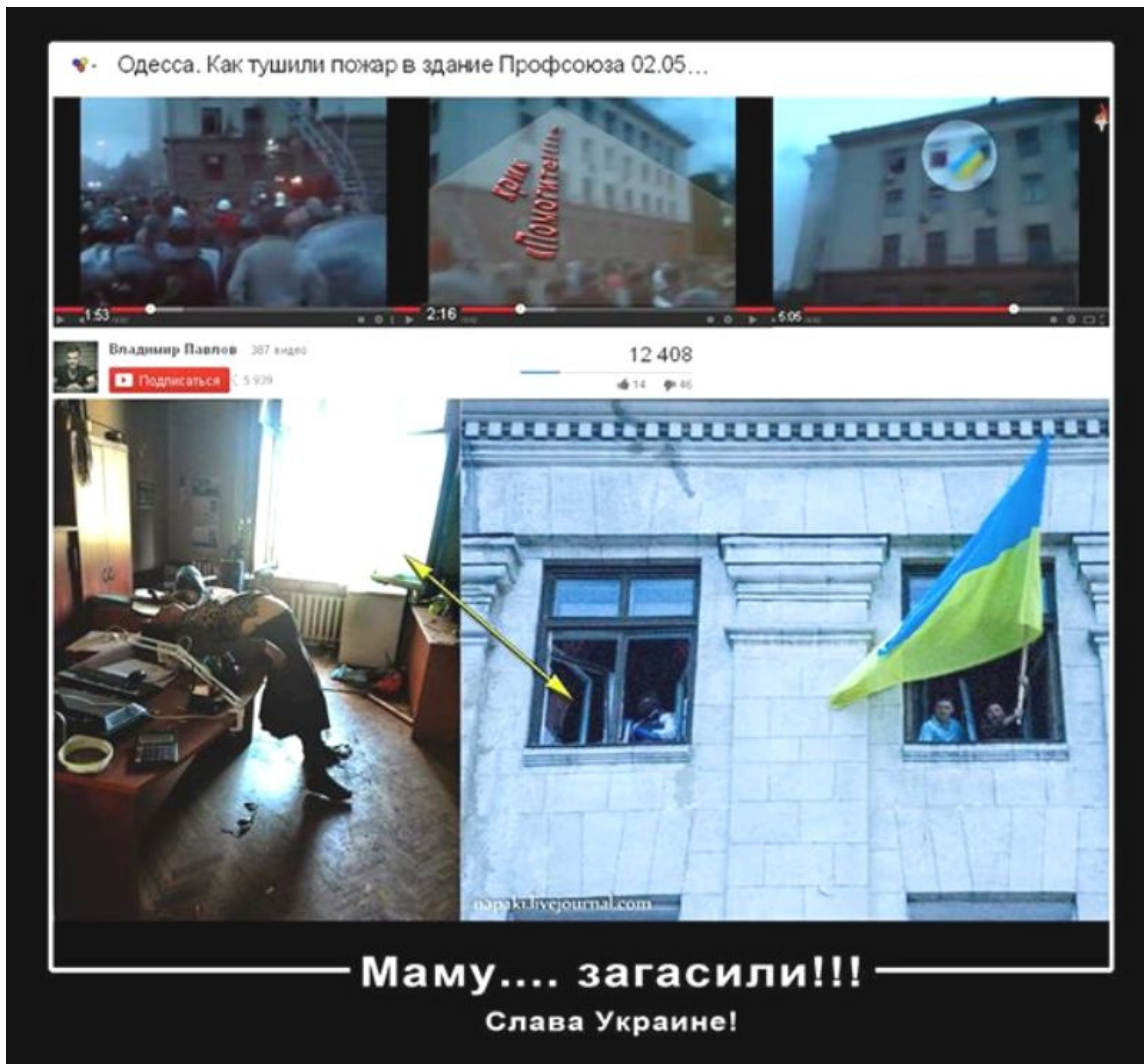

3. But what really happened (and why) is outlined in the section of the Statement of Facts and Grounds paragraphs 4-13. In this Appendix will be added just some of the documentation / evidence in proof of that genuine account of events.
4. You can see in GP's 2022 video, "Mariupol - War and Peace", excerpts from his 2014 videos showing how the Kiev regime came to Mariupol to terrorise the citizens there, and how those residents (who had shouted "fascisti" at those tanks) consider themselves now liberated from eight years of oppression.

5. This still from another youtube shows a substantial protest in Odessa against the NATO-imposed fascist regime of hate. (You can see "NATO" at the far right edge.)

6. Here next are photos of the May 2014 Odessa Massacre after the NATO regime sent its genocidal thugs to murder the opposition there. The Western liar media such as BBC have never made any mention of this.

Re which see next>>>

Translation: “We killed Mama!!! Glory to Ukraine!”

(“Mama” is a traditional nickname of Odessa.)

7. Note that in the following photos, the faces are black not because of their race, and not due to fire, but due to an attempt to pretend they had been burned to death in a fire (though obviously there was no fire at those locations, or only a magic one that didn’t burn clothing and various other objects).

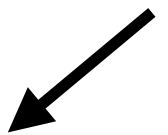

8. With a websearch of “Bandera march” you can find numerous videos of recent huge marches in Ukraine in honour of the genocidal mass-murderer Bandera. The thousands of flaming torches unchallenged in the middle of the capital speak for themselves of who really rules the country. Here are two example views of this cult of hate promoted by NATO:

In this proud photo of the Azov Battalion heroes, note the NATO emblem alongside the Nazi emblems here. After all, these are the people Boris Johnson's government have been sending arms to, funded by our uncomplaining taxpayers.

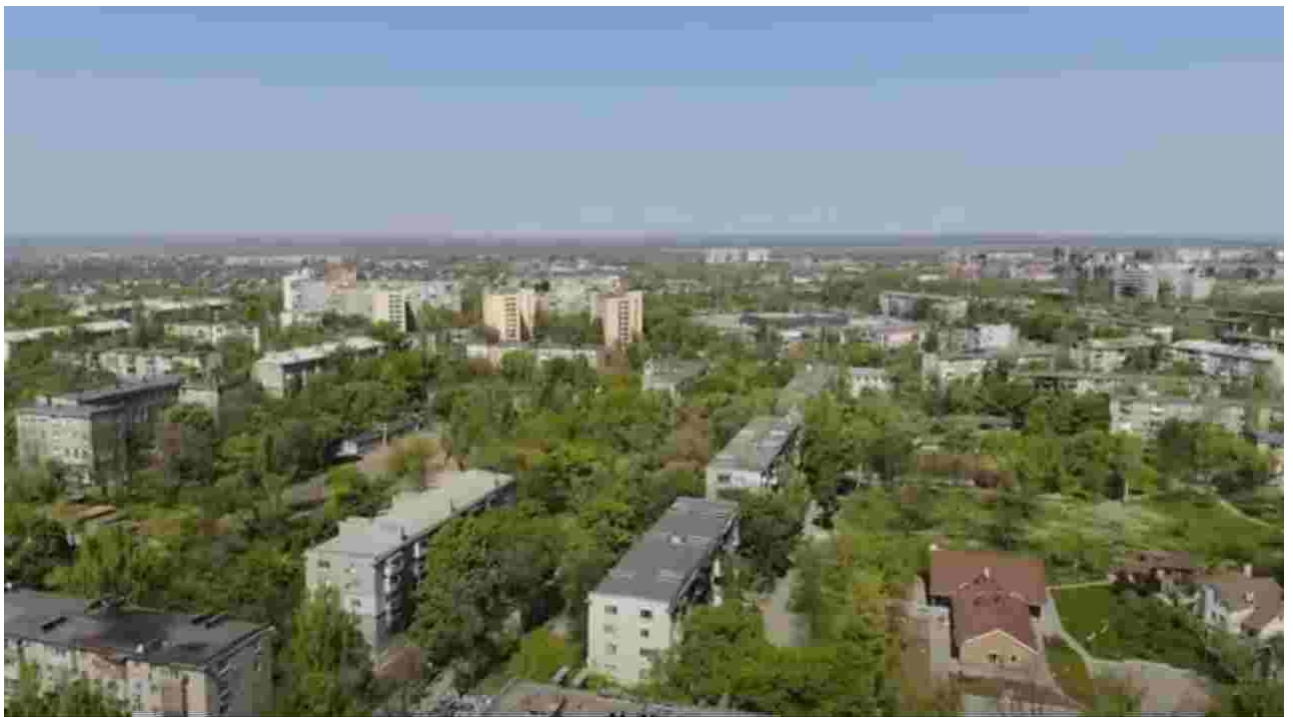

9. A 2015 lecture by the international relations expert Prof. Mearsheimer warned that if NATO did not stop nurturing and arming hate in Ukraine, then the Russians would have no alternative than to invade. Note that this was a warning back in 2015. <https://www.youtube.com/watch?v=JrMiSQAGOS4&t=2680s>
10. But as explained in the Statement of Facts, NATO want wars, so they did carry on their program of promoting hate in Ukraine. And refused all Putin's persistent attempts to obtain a resolution. And then "Churchill" Johnson rushed to Istanbul to ensure that the profitable war did not come to an unprofitable early resolution.

11. Not the least important thing to note is that Kiev's Banderists have an explicit ideology of genocidal hate. So the many (not publicised in the "free world") assertions of war crimes being committed by the Kiev regime are all too well-in-line with this. Note that the Russians do not have any such ideology of hate or genocide. And the last thing any remotely sane nation would want is a failed state right on its border. Hence it is entirely understandable why the RF is now investing heavily in restoring Mariupol and would certainly not want to indiscriminately terror-bombard cities such as the NATO propaganda would have you believe.
12. The next page here lays bare the deliberate deceitfulness of the Western media going out of their way to support NATO's warmongering propaganda.(with stills from https://www.youtube.com/watch?v=EDJVeO_Mw0g and (Wait some seconds to click on "I understand and wish to proceed".) <https://www.youtube.com/watch?v=i1I8SZeXGFo>).
13. **There is more explanation about the massaging of these views and this disinformation about a supposed genocidal war crime in Mariupol more generally in Statement of Facts, paragraphs 53-60.**

(a) **“Drone footage shows scale of devastation in Mariupol” (The Guardian)**
“under constant bombardment from Russian artillery.
Recently released aerial footage **shows the city in ruins “**

https://www.youtube.com/watch?v=EDJVeO_Mw0g

(b) A still from GP’s non-massaged video of Mariupol on 9th May 2022.
<https://www.youtube.com/watch?v=i118SZeXGFo>).
(Wait some seconds to click on “I understand and wish to proceed”.)

14. There is much more proof of these things to be found even just on the web, but the above should suffice to prove that the current NATO-controlled puppet Ukraine has no sovereignty or independence or territorial integrity. And therefore the Regulations are meaningless nonsense as explained in respect of Ground 7.
15. Another of GP's videos gives some good account of the history, not least Putin's statement of why the Special Military Operation was launched.
- (Wait some seconds to click "I understand and wish to proceed" - TWICE!)**

<https://www.youtube.com/watch?v=FG1fuhKwXVA>

"The people's republics of Donbass appealed to Russia with a request for help. In this regard, in accordance with Article 51, Part 7 of the UN Charter, with the sanction of the Federation Council of Russia and in accordance with the treaties of friendship and mutual assistance ratified by the Federal Assembly on 22nd February this year with the DNR and LNR, we have taken a decision to conduct a special military operation."

"Its goal is to protect people who have been subjected to bullying and genocide by the Kiev regime for eight years. And for this we will strive for the demilitarisation and denazification of Ukraine. We will also bring to justice those who committed numerous horrific war crimes against peaceful civilians, including civilians of the RF. At the same time, our plans do not include the occupation of Ukrainian territories. We are not going to impose anything on anyone by force."

STATEMENT OF TRUTH

I believe that the facts stated in this Appendix to Statement of Facts and Grounds are true.
